- A supervisor can supervise a maximum of 6 students.
- Family members of participating students will not be accepted as a supervisor to accompany the students, if they don't have the required qualifications. IGO committee must approve such arrangements.
- No registration fee is required for supervisors.

Parents accompanying students

i) Parent/sibling/relative as a supervisor:

If a parent/sibling/relative is attending the event as a supervisor within a group of students, they are required to pay the same amount as supervisors. In this case, the designated supervisor must have the related qualifications to be proven for the scientific categories. We will be unable to provide an invitation letter for a visa if they do not possess the required qualifications.

*** Please note, that the university provides en-suite rooms for all participants and supervisors, which means that only **ONE person can stay in a room.**

ii) Parent/sibling/relative as a visitor:

a. Individuals Requiring a Visa:

- If a parent, sibling, or relative wishes to attend IGO, they must pay the same participation fee as students.
- **We do not provide invitation letters for family members or relatives.** This is to prevent visa rejections for accompanying parents from affecting the entire student group's visa application.

- If a parent, sibling, or other relative obtains their visa independently and travels to London separately, they are welcome to join the group and take part in the London and Oxford activities upon purchasing In-Person without Accommodation.
- Once the UK visa is granted, we will provide a letter to present at the airport upon arrival in London.

b. Individuals Not Requiring a Visa:

- If a parent, sibling, or relative is visiting and does not require a visa, they can participate in the programme, upon purchasing In-Person with Accommodation.
- An invitation letter for airport procedures will be provided after payment of the required fees.
